MANAGEMENT'S STATEMENT

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position, General Fund statements of income and expenditure, Zakat Fund statements of income and expenditure, Building Fund statements of income and expenditure and statement of changes in funds of the Association as set out on pages 6 to 35 are drawn up so as to give a true and fair view of the financial position of the Group and of the Association as at December 31, 2022 and the financial performance and changes in funds of the Group and of the Association, and cash flows of the Group for the financial year ended on that date.

On behalf of the Management

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of The Muslim Converts' Association of Singapore (the Association) and its subsidiary (the Group) which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Association as at December 31, 2022, and the General Fund statements of income and expenditure, Zakat Fund statements of income and expenditure, Building Fund statements of income and expenditure, and the statements of changes in funds of the Group and the Association and consolidated statement of cash flows of the Group, for the year then ended, and notes to the financial statements, including a summary of significant accounting policies as set out on pages 6 to 35.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Societies Act, Chapter 311 (the Societies Act), the Charities Act, Chapter 37 and other relevant regulations (the Charities Act and Regulations) and Financial Reporting Standards in Singapore (FRSs) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Association as at December 31, 2022 and the financial performance and changes in funds of the Group and of the Association and cash flows of the Group for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Association in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the Annual report, but does not include the financial statements and our auditor's report thereon. Other than the Management's statement, which we obtained prior to the date of this auditor's report, the other sections included in the Annual report are expected to be made available to us after that date.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Societies Act, the Charities Act and Regulations and FRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required to be kept by the Association have been properly kept in accordance with the provisions of the Societies Regulations enacted under the Societies Act and the Charities Act and Regulations.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

1 GENERAL

The Muslim Converts' Association of Singapore (the "Association") is registered under the Societies Act, Cap. 311 and the Charities Act, Cap. 37 with its registered address and principal place of operations at 32 Onan Road, The Galaxy, Singapore 424484. The financial statements are expressed in Singapore dollars, which is the functional currency of the Association and the presentation currency for the consolidated financial statements.

The principal activities of the Association are to provide religious guidance and other assistance to its members.

The principal activities of the subsidiary are set out in Note 9 to the financial statements.

The consolidated financial statements of the Group and the statement of financial position, General Fund statement of income and expenditure, Zakat Fund statement of income and expenditure, Building Fund statement of income and expenditure and statement of changes in funds of the Association for the year ended December 31, 2022 were authorized for issue by the management on March 3, 2023.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements are prepared in accordance with the historical cost basis, except as disclosed in the accounting policies below, and are drawn up in accordance with the provisions of the Societies Act, Charities Act and Financial Reporting Standards in Singapore ("FRSs").

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability which market participants would take into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for leasing transactions that are within the scope of FRS 116 *Leases*, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in FRS 2 *Inventories* or value in use in FRS 36 *Impairment of Assets*.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

ADOPTION OF NEW AND REVISED STANDARDS - On January 1, 2022, the Group adopted all the new and revised FRSs and Interpretations of FRS ("INT FRS") that are effective from that date and are relevant to its operations. The adoption of these new/revised FRSs and INT FRSs does not result in changes to the Group's accounting policies and has no material impact on the amounts reported for the current or prior years.

At the date of authorisation of these financial statements, the following FRSs, INT FRSs and amendments to FRS that are relevant to the Group were issued but not yet effective:

Effective for annual periods beginning on or after January 1, 2023

- Amendments to FRS 1: *Classification of Liabilities as Current or Non-current*
- Amendments to FRS 1 and FRS Practice Statement 2: *Disclosure of Accounting Policies*
- Amendments to FRS 8: *Definition of Accounting Estimates*

Management anticipates that the adoption of the above new or revised FRSs in future periods will not have a material impact on the financial statements in the period of their initial adoption.

BASIS OF CONSOLIDATION - The consolidated financial statements incorporate the financial statements of the Association and subsidiary controlled by the Association. Control is achieved when the Association:

- Has power over the investee;
- Is exposed, or has rights, to variable returns from its involvement with the investee; and
- Has the ability to use its power to affect its returns.

The Association reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Association obtains control over the subsidiary and ceases when the Association loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the statements of income and expenditure from the date the Association gains control until the date when the Association ceases to control the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

In the Association's financial statements, investment in subsidiary is carried at cost less any accumulated impairment in net recoverable value that has been recognised in the statements of income and expenditure.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

FINANCIAL INSTRUMENTS - Financial assets and financial liabilities are recognised on the statement of financial position when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial assets

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (FVTOCI):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at fair value through profit or loss (FVTPL).

Despite the foregoing, the Group may make the following irrevocable election/designation at initial recognition of a financial asset:

- the Group may irrevocably elect to present subsequent changes in fair value of an equity investment
- in other comprehensive income if certain criteria are met; and
- the Group may irrevocably designate a debt investment that meets the amortised cost or FVTOCI criteria as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Amortised cost and effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period.

For financial instruments other than purchased or originated credit-impaired financial assets, the effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) excluding expected credit losses, through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount of the debt instrument on initial recognition. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated by discounting the estimated future cash flows, including expected credit losses, to the amortised cost of the debt instrument on initial recognition.

The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. On the other hand, the gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

Interest is recognised using the effective interest method for debt instruments measured subsequently at amortised cost, except for short-term balances when the effect of discounting is immaterial.

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI are measured at FVTPL. Specifically:

- Investments in equity instruments are classified as at FVTPL, unless the Group designates an equity investment that is neither held for trading nor a contingent consideration arising from a business combination as at FVTOCI on initial recognition.
- Debt instruments that do not meet the amortised cost criteria or the FVTOCI criteria are classified as at FVTPL. In addition, debt instruments that meet either the amortised cost criteria or the FVTOCI criteria may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. The Group has not designated any debt instruments as at FVTPL.

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses ("ECL") on trade and other receivables. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

The Group always recognises lifetime ECL for trade receivables and contract assets. The expected credit losses on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

For all other financial instruments, the Group recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12 months ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Other financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest method, with interest expense recognised on an effective yield basis.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

FUNDS - Funds are set up to account for contributions received for specific purposes. Income and expenditure relating to specific funds are accounted for directly in the funds to which they relate.

(i) Zakat Fund (formerly termed as "Zakat Trust Fund")

The objective of this Fund is to collect zakat from the public and to use the collections to fund programmes for zakat beneficiaries.

(ii) Building Fund

The Building Fund was established to collect donations for the acquisition of the Group's and Association's building and includes profit from the sale of the old premises. Surplus funds are used for investment purposes.

Income and expenditure relating to specific funds are accounted for directly in the funds to which they relate.

Property, plant and equipment purchased are capitalised and depreciated over their estimated useful lives. Depreciation is allocated to the General Fund.

Building maintenance for the Group's building is charged on a proportionate basis to the General Fund and the Zakat Fund, except for depreciation expenses in relation to property, plant and equipment, which are charged in full to General Fund. Building maintenance for the investment properties acquired using the Building Fund, is charged directly to the Building Fund.

PROPERTY, PLANT AND EQUIPMENT - Property, plant and equipment are stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is charged so as to write off the cost, over their estimated useful lives, using the straight-line method, on the following bases:

	<u>No. of Years</u>
Building	50
Renovation	10
Furniture, fittings and office equipment	10
Computers	3

Freehold land is not subjected to depreciation.

Fully depreciated assets still in use are retained in the financial statements.

The estimated useful lives, residual values and depreciation method are reviewed at the end of the reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amounts of the asset and is recognised in the statement of income and expenditure.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

INVESTMENT PROPERTIES - Investment properties held to earn rentals and for capital appreciation are stated at periodic valuation on an open market value for existing use basis. Professional valuations are obtained annually. Gains or losses arising from changes in the fair value of investment property are included in the statements of income and expenditure for the period in which they arise.

IMPAIRMENT OF NON-FINANCIAL ASSETS - At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the statements of income and expenditure.

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in the statements of income and expenditure.

INVENTORIES - Inventories comprise religious books and stationery merchandise and are stated at the lower of cost (first-in first-out basis) and net realisable value. Net realisable value represents estimated selling price less all estimated costs to be incurred on marketing, selling and distribution.

PROVISIONS - Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

RECOGNITION OF INCOME

General donations

Donations are recorded when received.

Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Membership and subscription fees

Membership and subscription fees are accounted for on an accrual basis.

Sales and service income

Sales of books and cassettes are recognised when control of the goods has been transferred. Service income is recognised when services are rendered.

Rental income

Rental income from investment properties is recognised on a straight-line basis over the term of the lease.

GRANTS - Grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets are recognised as deferred income in the statements of financial position and transferred to statements of income and expenditure on a systematic and rational basis over the useful lives of the related assets.

Other grants are recognised as income over the periods necessary to match them with the costs for which they are intended to compensate, on a systematic basis.

RETIREMENT BENEFIT COSTS - Payments to defined contribution retirement benefit plans are charged as an expense when employees have rendered the services entitling them to the contributions. Payments made to state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, are dealt with as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

EMPLOYEE LEAVE ENTITLEMENT - Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of each reporting period.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

LEASES

The Group as lessor

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

When a contract includes lease and non-lease components, the Group applies FRS 115 to allocate the consideration under the contract to each component.

The Group as lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

CASH AND CASH EQUIVALENTS IN THE STATEMENT OF CASH FLOWS - Cash and cash equivalents in the statement of cash flows comprise cash and fixed deposits which are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

**3 CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES
OF ESTIMATION UNCERTAINTY**

In the application of the Group's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(i) Critical judgements in applying the Group's accounting policies

In the process of applying the Group's accounting policies, which are described in Note 2, the management is of the opinion that any instances of application of judgements are not expected to have a significant effect on the amounts recognised in the financial statements.

(ii) Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Useful lives of property, plant and equipment

As described in Note 2, the Group reviews the estimated useful lives of property, plant and equipment at the end of each annual reporting period. In 2022, the useful lives of property, plant and equipment were estimated to be between 3 to 50 years (2021 : 3 to 50 years). The carrying amount of the property, plant and equipment are disclosed at Note 7.

Valuation of investment properties

Investment properties are stated at fair value based on independent professional valuations. In determining the fair value, the valuer has used valuation techniques which involve certain estimates. The key assumptions used to determine the fair value include open market value for existing use.

The valuer has considered valuation technique which is the direct comparison method in arriving at the open market value as at the end of each reporting period. The direct comparison method involves the analysis of properties prices and adjusting the prices to that reflective of the Group's investment properties.

In relying on the valuation reports, management has exercised its judgement and is satisfied that the independent valuer has appropriate recognised professional qualifications and their estimates are reflective of current market conditions at the end of each reporting period. Please see Note 8 for the fair value of the investment properties at the end of each reporting period.

AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

4 FINANCIAL INSTRUMENTS, FINANCIAL RISKS AND CAPITAL MANAGEMENT

The Group manages its exposure to financial risks using a variety of techniques and instruments. It does not hold or issue derivative financial instruments for trading purposes.

The Group has established risk management policies and guidelines which set out its overall risk management strategies.

(a) Categories of financial instruments

The following table sets out the financial instruments as at the end of the reporting period:

	Group	
	2022	2021
	\$	\$
Financial assets		
Cash	1,424,789	2,147,307
Fixed deposits	13,000,000	11,000,000
Trade and other receivables	396,121	251,438
Financial assets at fair value through profit or loss	10,913,249	10,981,240
Financial liabilities		
Amortised cost	514,676	539,020
	Association	
	2022	2021
	\$	\$
Financial assets		
Cash	1,424,789	2,147,307
Fixed deposits	13,000,000	11,000,000
Trade and other receivables	396,121	251,438
Financial assets at fair value through profit or loss	10,913,249	10,981,240
Financial liabilities		
Amortised cost	514,676	539,020

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

(b) Financial risk management policies and objectives

i) Credit risk

The Group has adopted the policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial losses from default. The Group places its cash and cash equivalents and other financial assets at amortised costs with reputable institutions.

The maximum exposure to credit risk in the event that the counterparties fail to perform their obligations as at the end of the reporting period in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the statements of financial position.

Although the Group's credit exposure is concentrated mainly in Singapore, it has no significant concentration of credit risk with any single customer or group of customers.

The carrying amounts of trade and other receivables are disclosed in Notes 12 and 13 respectively.

ii) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's direct exposure to interest rate risk arises from fixed deposits. The Group periodically reviews its financial instruments and monitors interest rate fluctuations to ensure the exposure to interest rate risk is within acceptable level.

At the end of the reporting period, if the interest rate had been 100 basis points higher (lower) with all other variables held constant, the Group's net surplus for the year ended December 31, 2022 would have been \$130,000 (2021 : \$110,000) higher (lower) arising mainly as a result of higher (lower) interest income from fixed deposits.

iii) Foreign currency risk

The Group is not materially exposed to foreign currency risk as all significant transactions are denominated in Singapore dollars.

iv) Liquidity risk

The Group maintains adequate highly liquid assets in the form of cash to assure necessary liquidity. The Group's financial assets and liabilities are either due or on demand within 1 year.

v) Equity price risk

The Group is exposed to price risk arising from its investments classified as investments at FVTPL. The prices of unit trusts investments are impacted by changes in interest rates.

If the prices of equity and unit trusts investments increase (decrease) by 10%, the Group's net surplus for the year ended December 31, 2022 increase (decrease) by \$1,091,325 (2021 : \$1,098,124).

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

vi) Fair value of financial assets and financial liabilities

Group/Association

The Group determines fair values of various financial assets and financial liabilities in the following manner:

Fair value of the financial assets and financial liabilities that are measured at fair value on a recurring basis

Some of the Group's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and input(s) used).

Financial assets/ financial liabilities	Fair value as at (S\$)				Fair value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value
	2022		2021					
	Assets	Liabilities	Assets	Liabilities				
Financial assets at fair value through profit or loss (Note 11)								
(1) Equity investment	1,107,955	-	355,901	-	Level 1	Quoted bid prices in an active market	N/A	N/A
(2) Unit trusts investment	9,805,294	-	10,625,339	-	Level 1	Quoted bid prices in an active market	N/A	N/A

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Fair value of the financial assets and financial liabilities that are not measured at fair value on a recurring basis (but fair value disclosures are required)

The carrying amounts of cash and cash equivalents, fixed deposits, other financial assets at amortised costs, trade and other receivables and payables, and other liabilities approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

(c) Capital management policies and objective

The Group reviews its capital structure at least annually to ensure that entities in the Group will be able to continue as a going concern. The capital structure of the Group consists of fund reserves. The Group's overall strategy remains unchanged from 2021.

5 RELATED COMPANY TRANSACTIONS

Related company in these financial statements refers to the subsidiary of the Association. The intercompany balances are unsecured, interest-free and without fixed repayment terms unless stated otherwise.

6 RELATED PARTY TRANSACTIONS

Some of the Group's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties are reflected in these financial statements. The balances are unsecured, repayable on demand and interest-free.

Compensation of key management personnel

The remuneration of members of key management personnel during the year was as follows:

	Group and Association	
	2022	2021
	\$	\$
Short-term benefits	472,345	381,634
Post-employment benefits	71,829	60,666
	<u>544,174</u>	<u>442,300</u>

The remuneration of members of key management personnel refers to short-term and post-employment benefits received by 8 (2021 : 7) key staff members of the Group and Association. During the year, certain Council members received honoraria for other services provided to the Group and Association amounted to \$20,450 (2021 : \$16,007).

The fair value of the Group's investment properties as at December 31, 2022 and December 31, 2021 were performed by an independent valuer who has the appropriate qualifications and experience in the fair value measurement of the different types of properties in Singapore.

The leasehold property at Suntec City and the freehold properties at Hexacube have been rented to certain tenants on normal commercial terms for periods of 2 and 3 years. The rental income earned by the Group and the Association from the investment properties, which are leased out under operating leases, amounted to \$415,704 (2021 : \$401,004). Direct operating expenses arising from the property in the year amounted to \$120,913 (2021 : \$122,951).

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Fair value measurement of the Group's investment properties

The fair value of the properties was determined by adopting the direct comparison approach making reference to the recent transactions of similar properties in similar location and condition under the prevailing market conditions. The valuation conforms to International Valuation Standards. There has been no change to the valuation technique during the year.

The valuer has considered valuation technique which is the direct comparison method in arriving at the open market value as at the end of each reporting period. The direct comparison method involves the analysis of properties prices and adjusting the prices to that reflective of the Group's investment properties.

Management considers that certain unobservable inputs used in the fair value measurement of the Group's investment properties are sensitive to the fair value measurement. A change in these inputs will have a corresponding increase/ decrease in the fair valuation as follows:

The unobservable inputs used in the fair value measurement of the investment properties are price per floor area, age of property, whether property is held freehold and free of encumbrances, restrictions, or outgoings of an onerous nature. Significant increases (decreases) in these assumptions would result in a significantly higher (lower) fair value measurement.

Name of property	Fair value as at December 31, 2022	Valuation methodology	Significant unobservable inputs (Level 3)	Range
	\$'000			
#19-01 Suntec City Tower 1 7 Temasek Boulevard	15,000	Direct Comparison Method	Price per square feet of strata floor area	\$3,241
#04-07/08 Hexacube 160 Changi Road	2,549	Direct Comparison Method	Price per square feet of strata floor area	\$1,590

Name of property	Fair value as at December 31, 2021	Valuation methodology	Significant unobservable inputs (Level 3)	Range
	\$'000			
#19-01 Suntec City Tower 1 7 Temasek Boulevard	12,500	Direct Comparison Method	Price per square feet of strata floor area	\$2,701
#04-07/08 Hexacube 160 Changi Road	2,849	Direct Comparison Method	Price per square feet of strata floor area	\$1,776

Centre for Islamic Management Studies Pte Ltd	Singapore	100	100	100	100	Provision for diploma level courses in Islamic and Management studies

10 FIXED DEPOSITS AND OTHER FINANCIAL ASSETS AT AMORTISED COST

	Group and Association	
	2022	2021
	\$	\$
Fixed deposits	13,000,000	11,000,000
Other financial assets at amortised cost	-	-
	<u>13,000,000</u>	<u>11,000,000</u>

Fixed deposits bear interest at a range of 0.25% to 4.20% (2021 : 0.30% to 0.90%) per annum and for a tenor of approximately 360 days (2021 : 360 days). All of the fixed deposits pertain to Islamic deposits placed with the bank. Fixed deposits are denominated in Singapore dollars.

11 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	Group and Association	
	2022	2021
	\$	\$
Quoted equity investments, at fair value	405,136	355,901
Sukuk fund units, at fair value	9,537,688	10,575,989
MAGI fund units, at fair value	267,606	49,350
REITs & ETF fund units, at fair value	702,819	-
Total	<u>10,913,249</u>	<u>10,981,240</u>

The investments above include investments in quoted equity securities and unit trusts that are denominated in Singapore Dollars and US Dollars that offer the Group the opportunity for return through fair value gains. They have no fixed maturity or coupon rate.

The fair values of these securities are based on closing quoted market prices on the last market day of the financial year. The Group classifies as financial assets at fair value through profit or loss.

12 TRADE RECEIVABLES

	Group and Association	
	2022	2021
	\$	\$
Trade receivables	800	1,926
Less: Allowance for doubtful debts	-	-
	<u>800</u>	<u>1,926</u>

The average credit period is 30 days (2021 : 30 days). No interest is charged on the outstanding trade receivables balance.

The Group's and Association's trade receivables are denominated in Singapore dollars.

The table below is an analysis of trade receivables as at December 31:

	Group and Association	
	2022	2021
	\$	\$
Past due but not impaired (i)	800	1,926
Impaired receivables – individually assessed (i), (ii)		
- Past due more than 36 months		
and no response to repayment demands	-	-
Less: Allowance for impairment	-	-
Total trade receivables, net	<u>800</u>	<u>1,926</u>

(i) Aging of receivables that are past due but not impaired < 3 months	<u>800</u>	<u>1,926</u>
--	------------	--------------

(ii) These amounts are stated before any deduction for impairment losses.

(iii) These receivables are not secured by any collateral or credit enhancements.

In determining the recoverability of a trade receivable, the Group considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period. The concentration of credit risk is limited due to the customer base being large and unrelated. Accordingly, management believes that there is no further credit allowances required in excess of the allowance for doubtful debts.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

20 INCOME TAX EXPENSE

The Association is registered under the Charities Act, 1982.

With effect from Year of Assessment 2008, all registered charities are automatically exempted from income taxes without having to meet the 80% requirement. Therefore, no tax provisions have been made in the current year.

Subject to the agreement of the Comptroller of Income Tax, the subsidiary has tax losses and unabsorbed capital allowances carryforward available for set off against future taxable income as follows:

	2022	2021
	\$	\$
<u>Tax losses</u>		
Amount at beginning of the year and end of the year	308,203	300,115
Deferred tax benefit on above not recorded	52,395	51,020

The realisation of the future income tax benefits from tax losses carryforwards is available for an unlimited future period subject to the conditions imposed by law including the retention of majority shareholders as defined. No deferred tax asset has been recognised due to the unpredictability of future income streams of the subsidiary.

21 OPERATING LEASE ARRANGEMENTS

The Group as lessee

The Group is not committed to any short-term leases.

The Group as lessor

Operating leases, in which the Group is the lessor, relate to investment properties owned by the Group, of which one is freehold and the other with lease term of 99 years. All operating lease contracts contain market review clauses in the event that the lessee exercises its option to renew. The lessee does not have an option to purchase the properties at the expiry of the lease period.

The unguaranteed residual values do not represent a significant risk for the Group. The Group did not identify any indications that this situation will change.

**THE MUSLIM CONVERTS' ASSOCIATION OF SINGAPORE
AND ITS SUBSIDIARY**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022**

Maturity analysis of operating lease payments:

	2022	2021
	\$	\$
Year 1	323,544	413,204
Year 2	28,420	296,044
Year 3	-	28,420
Year 4	-	-
Total	351,964	737,668

The Group rents out its investment properties in Singapore under operating leases. Property rental income earned during the year ended December 31, 2022 was \$415,704 (2021 : \$401,004).
